

OASIS AQUILA TOUCH.

Mains-Fed Water Cooler

OASIS Aquila Touch is the next generation of mains-fed water coolers. This unit has the trifecta: Designed for performance, maintenance and aesthetics, the OASIS Aquila Touch has it all.

Featuring sleek touch controls with an intuitive and responsive user interface. The Aquila Touch's tall dispense height means you can easily fill that large sports bottle! With a simple touch, you can enjoy crisp, sparkling water, thanks to the high performing carbonation system. Still or sparkling - The OASIS Aquila Touch ensures every sip is refreshing and tailored to your taste.

Designed for effortless servicing and sanitisation, the front door panel allows for easy access to filters. OASIS Pressure Vessel Direct Chill Point technology provides a consistent delivery of chilled water; as the water enters the system, it passes into a pressure vessel and is chilled as it moves through to the point of dispense.

The unit's exterior is made of ABS plastic which are easy to sanitize. The interface has a contrasting high gloss finish - this gives the OASIS Aquila Touch a timeless, elegant appearance.

	AMBIENT, COLD & CARBO	HOT, COLD & CARBO
MODEL CODE	P1TMPVECKY	P1TMPVECHSY
ACTIVATION	Touch (IR)	
FILTRATION	OASIS Green Filter (optional)	
FLOW RATE	2 LPM	
CARBONATION LEVELS	3.2 - 3.5 volumes	
DRAINAGE TYPE	Removable drip-tray (dishwasher safe)	
EXTERIOR	ABS Plastic / Powder Coated Steel	
CHASIS	Galvanised steel	
DIMENSIONS	1120(H)x 320(W) x 380(D) [mm]	
DISPENSE HEIGHT	335mm	
WEIGHT	30.4 Kg	31.7 Kg
INPUT POWER	220-240V, 50/60 Hz	
COOLING PERFORMANCE	8.5 LPH (Below 10°C, 32°C Ambient, 27°C Inlet water)	
CO2 PERFORMANCE	5.2 – 5.6 g/l	
COLD TANK CAPACITY	1.5L	-
HOT TANK CAPACITY	-	1.5L
TOTAL CURRENT	0.8 Amps	3 Amps
POWER CONS	100 Watt	620 Watt
HEATING PERFORMANCE	7.9LPH	
COUNTRY OF ORIGIN	Poland	
CERTIFICATIONS	CE (LVD, EMC, RoHS)	
WARRANTY	1 year
